David H. Lippman, Ph.D.

Professional Experience

2023-Present Senior Optical Design Engineer, Imaging Optics, Synopsys OSG
2018 Optical Engineering Intern, MIT Lincoln Laboratory
2017 Software Development Intern, CODE V, Synopsys OSG
2016 Optical R&D Intern, Arnold & Richter Cine Technik (ARRI)
2015 Intern, IMPERX

Education

2023 Ph.D. Degree in Optics, University of Rochester
2021 M.S. Degree in Technical Entrepreneurship & Management, Simon Business School, University of Rochester
2018 B.S. Degree in Optical Engineering, University of Rochester

Dr. David Lippman is an optical designer with experience ranging from zoom systems and cine lenses to riflescopes and gradient-index (GRIN) optics. He also has a background in freeform design including Alvarez lenses and freeform-GRIN optimization. David is well-versed in aberration theory and leverages this background in the design process.
